Re: Updated Information, Western Clay Company, Redmond Limestone Quarry (M/041/004) and Bentonite Pit (M/041/012), Sevier County, Utah

Dear Mr. Mortensen:

We recently sent letters regarding supplying the Division with updated information so we can perform the 5-year review of your mining permit. The School and Institutional Trust Lands Administration (SITLA) has requested that they be provided with the same information you send to us for those operations which are located on state lands.

Please forward another copy of all information that you submit to this Division for the Redmond Limestone Quarry and the Bentonite Pit to: John Blake, School and Institutional Trust Lands Administration, 675 East 500 South, Suite 500, Salt Lake City, Utah 84102 – phone (801) 538-5152.

Thank you for your cooperation. If you have any questions regarding this letter, please contact me at (801) 538-5382, or you may contact John Blake directly.

Sincerely,

Doug Jensen
Senior Reclamation Specialist
